

Eleventh

LETTER TO THE PEOPLE OF GERMANY AND THE WORLD

Dear people in Germany and all over the world!

Since the existence of the *Bundeswehr* (German Armed Forces), it was cynically planned to be merely the spark to create the big explosion in the world.

The task of Germany, however, is a different one, and this task we are now solving by means of our strong will, our mighty inner life and through our powerful gift of imagination:

Germany's task is to *unite* the positive forces in the world in peace
- *in friendship and deepest understanding.*

But the German soul is in deep friendship with the Russian soul,
as well as with the soul of the Native Americans and the USA.

This friendship will grow and thrive.

It prepares the ground for comprehensive world peace,
which Germany wants from the depths of its being.

Let us always be aware:

Human's strong power of imagination and mighty creation works both ways, and so it is still very important to see and create the good future
in peace, abundance and beauty
in the mind.

When now the avalanche of truth and knowledge comes down on many people who do not yet understand so well what has happened to us humans,
we stand ready.

We have long since anchored peace, joy and a happy future in our minds.

We have allied ourselves with each other and are steadily putting foot by foot into this good future.
Only when we have really done this can the flow of truth become a stream.

It was and is important, *from every point*
– even from my highest political-legal Sovereign rights –
to name the injustice and crime clearly,
so that it can come to an end.

The peoples of Central Europe were led to ruin by Vatican jurisprudence,
This brought statute (*gesetz*) canon law through the back door, which was not oriented to the cosmic primordial laws, but to the exact wording of language inventions, and thus led humanity into slavery
and the abyss.

The King is the supreme Sovereign of legislation,
and so it was possible to legally liberate the people from the state of slavery
and to liberate them into the state of freedom through the
NEW AUREA BULLA of RELEASE on August 7th, 2021 and the
BULLA of EARTH on December 3rd, 2022.

For this good future, we have no choice but to become *sovereign* – each and every one of us
individually.

This is the only solution, the only way to a future worthy of human beings.

We are beings of great creative power.

It is beautiful and important when we are made to understand that we are loved.
But quite independently of this, we must stand alone so fully in love,
which creates waves within us as a source.
Guided from within, we are a creative force.

The German soul struggled to survive, it was almost in a coma,
but now it has awakened and is fully aware of its great and wise power.

We should also become aware of the weaknesses of our German soul, our Achilles' heel:
The German soul knows no mistrust, it unsuspectingly to faithfully trusts the liar,
because it knows neither lies nor deceit.
Here our critical mind must come to the soul's aid,
our wisdom of heart.

We have been taught not to want to defend ourselves,
but that is what we must learn to do again, and quickly.
Our vital instincts were almost extinguished,
but now we must learn that the German soul - like any other -
has a right to life on this Earth and may, indeed must, defend this life,
because life is given to us by the Original Source of life.
No one and nothing will ever trample down our heart's garden again!

As soon as we understand this and take it to heart, we also see which forces it is,
who tried to do this and did it again and again.
Now we put an end to this injustice against ourselves.

The heavy suffering that weighed on our German soul and made it so silent,
is lifting away.
We are melting away this numb blanket of silence and shame.

We may lift our heads and look around us,
proudly, freely and helpfully.
We may also accept help, gratefully, freely and sovereignly.

So many clever, wise, original, highly intelligent, gifted, soulful, creative and energetic people are
working, weaving and living, each in the right place.
The web of the future in joy grows denser,
we support those who stumble.

Our spirit flashes with freedom.
Much of what we develop now in adversity,
will be helpful to others.

And so the German soul lives in us:
in ethics, decency and manners,
fighting
precise,
with inventiveness,
that solves our problems,
we organise and improvise,

make a virtue out of necessity,
connect, empathise,
deeply into nature and its laws and its beauty.
Deep in our blood
we feel
receptivity to the impressions in the morphogenetic field,
we are compassionates
living with the weather and the sky and heaven

and in connection
with natural nature.

Our beautiful wonderful language is the vessel of our ancient knowledge.

Greetings to you,
all who are undaunted!
Soon we will have made it!

Yours
Stefan Ratzeburg
