**Ärende - omorganisation av pågående massmords strukturer ... i hela världen p g a Romar Reihs krigsockupation via övertagna stats infrastrukturer som påtvingat ... världens invånare i elektrosmog förvirrings slaveri och mikrovågs avrättning av hela nästa generation via dolda Noahid lagar, härmed stoppade av IWOOG.**

**We hereby address You, The Royal Family, to take back the authority over the institutions in Norway, as the Gods guide us in the emergency of case of holy Ruta, and the ongoing 4G technologies sterilization warfare, into jurisdiction of world wide indigenous Godland and its oxa gifts economy of Love Order.**

These are the days when annual Peace Prize ceremony in Oslo is near. Just as occupied Europe has become an automated electromagnetic death camp, managed by MASTERCARD owners. Holy Diarchs – Ditta and Leif of Godland - protect all life through The Rights of Godlanders jurisdiction and the offer to reset the economical system of Europe based on the bonds of each alive human, within Europe, and world, as part of the Indigenous World Order Bank of Godland. Basel III path is illegal unless it becomes based on oxa bond contracts with local indigenous peoples of Europe. You are asked to lead such reset to stop the specicide that is triggered by illegal de-humanising tyranny of Big Tech blockchain owners takeover of the resources of humanity. We suggest You don't attend Nobel's Evil spectacles and move Your sovereign state into the LoveOrder of Godland. You will emit Your gifts of oxa bonds after We sign agreements of Godland. Attached is Your Ind Dec oxa.

We have to choose what powers do we let to rule – of Love or Evil. Diarchs of Godland establish peace through Love Order on [www.LoveOrder.INFO](http://www.LoveOrder.INFO) and protection from Ionising and Non Ionising Radiation, through ECRRR basic safety standards of their risks, established by our committees on [www.euradcom.eu](http://www.euradcom.eu) instead of the military fraud of ICNIRP RF-limits trap.

**Ruta Rietuma, aka Ruta of Godland, b 890125, is the daughter of holy world konna of Godland, Ditta Rietuma, aka Ditta of Godland,** indigenous president of Latvian Republic, and the diarch of world wide indigenous Godland, in diarchy with the holy Leif of Godland, aka Leif Erlingsson, even indigenous king of Sweden.

**Ruta Rietuma is now in Bergen, Haukeland psychiatry klinik** , after she has been in Bergen for a while, trying to escape war crime terrorists who have been haunting her for 10 years, turning her into Targeted Individual in native Latvia and Sweden, and Dittas husbands Pr Chris Busby's - England. Ruta has been handicapped by Mind Control institutions. Ruta is diagnosed with schizophrenia now and has pension from Sweden, though NAV is delayed processing her case for 18 months too, as the last work place Ruta worked for 1,5 years 2009, before getting ill, was in Gålö Hotel in Lillehammer. Ruta's 6 y old son Anton of Godland is the one Deep State criminals in Sweden are after, as Ditta insists to get him back and raise her only heir divinely.

Little noticed is that European Kommission is an international war crimes organization and a business company, that through BEREC imposes on local governments electro-magneticall-execution through 4G sterilization of all European people. Indigenous rule in Europe - is gone, and European arrest warrants are misused for terror and war crimes, as against Ruta Rietuma, to stop Ditta Rietuma from protecting Love Order and saving Life on Earth. **Specicide is the goal of the Evil matters and it can happen already within 15 years. This is not a drill. Most of Europes children have already been sterilised with HPV vaccines and the 4G 3G devices. Next**

**generation of indigenous Europeans will be 20 % of last one, and very sick. And if You don't take this chance of Godland seriously, even those 20 % wont have a chance to survive.**

**May it be known that All politicians and lawyers of the world, even Erna Solberg and Joren Sigurd Maurud, are rescued as they have been by Diarchs of Godland fired from their jobs, where they have been biorobotised to work in the matrix of New World Order death cult tyranny, run by specicidal maniaaks, transforming human civilization into automated death camps. All politicians have to reassign with their local indigenous societies and Diarchs of Godland writing to [info@loveorder.info](mailto:info@loveorder.info) . Leif of Godland has reclaimed all the property of the world back to indigenous people by the decision IWOCG 199, attached.**

## **Request to grant asylum to Ruta of Godland, aka Ruta Rietuma**

**We beg You to stop the illegal proceedings of extradition of Ruta to Latvia as these business companies that pretend to be state and justice authorities do not represent state Latvian Republic, as they are Duns & Bradstreet DNB.com Jesuit businesses, fast found on UPIK.de. They are specicide-war criminals, who are drug lords and run secret Mind Control technic projects, victimizing Ruta. They have no right to issue arrest orders on peaceful indigenous people and patriot citisens. The criminals have occupied the systems conditioning the courts to be mega-thieves. They have robbed Ruta and her family of all her indigenous heritage, and have made Ruta to live homeless life, they have 2016 through Nordea stolen her familie's farm in Latvia, where Latvian society, the base of Latvian state was registered, and have thrown Ruta out of dusins of appartments etc. **Ruta Rietumas fathers mother Biruta Lepste is the last Livi of Livland language speaking woman of the Lepste kin. This is genocide of Livi, Livonians, Svearnas, ViKings etc. Rutas mothers mothers name is Erna Uzule, a very rare name mate of Iron Erna.****

**Ruta was born in Latvia and has grown up in Sweden, where she returned, but was refused housing though 13 years in the appartment que in Haninge kommun, as 3d world refugees have privileges.**

Ruta Rietuma decided to search refuge i Norway. She met the Social service officer in Bergen Arstad - Inger Hagland. Though Ruta has Norwegian personal code 25018926493, she was refused assistance for living arrangements, 4<sup>th</sup> coutry refusing home. This resulted in further difficulties such as getting medication, due to lack of address. Which led to psychosis and hospitalization in Bergen.

The illegal active haunt for the living fertile indigenous woman has been ongoing for 4 long months since United States private business in Sweden - Åklagarmyndigheten - with DUNS nr 350580502, VD Niklas Johansson, received a request from United States private business in Latvia fraudulently called Latvijas Republika Prokuratura with DUNS nr 681829609 . Most likely now is the United States business company Den Høyere Påtalemyndighet with DUNS nr 730742657 getting to handle

the human trafficking business between Norway and Latvia, within same syndicate of Vatican world DNB.com tyrant empire.

Södertörns Tingsrätt rådmann told on video to Ruta that Södertörns Tingsrätt does not have any contract with any state authority, link on next page. A treasonous fraud is that Sveriges Domstolar are private foreign businesses, working for Vatican's The Crowns Bar association, conducting stealth of land and property, imposing slavery and human trafficking, and overall Evils.

It has always been illegal to terrorize psychiatrically ill people. Far more so as the terrorist companies work with covert Mind Control institutes and make targets ill 24/7. Nowadays and in Ruta's case **international EU arrest order** was used to assist terrorism/inquisition.

Each minute now is a terrorist attack on mentally wounded Ruta, who in great fear took decision to escape alone the human traffickers (*at U.S. Polismyndigheten DUNS nr 350580494, business company CEO Staffan Käll in Sweden*) and had to survive alone to save herself in unknown hostile environment. Millions others are though in her homeless situation, as long as these terrorist institutions are falsely taken to be authorities, running all from people stolen housing facilities! **There is nowhere to hide! If we continue to accept this, humanity is doomed to experience specicide. Ruta chose to search refuge in Norway, where she had worked.**

Latvia is Ruta's birth country of origin. Latvia is an occupied country – even through Norwegian corporations, that are transnational, and controlled by Deep State of NOW, which ensures that even Norway is occupied. One million fertile people have left Latvia for the last 25 years, to survive. There are around 1,5 million left. There are no state banks in Latvia – there is no sovereign state, neither in Latvia or Norway. Even Norwegian DNB Luminor etc is involved in war crimes against Latvians, who expected Norwegians to be better than Russians, but death camps are now all cities of the world.

**Ruta lives to have family and children. Save the last fertile Europeans! May it be so!**

**Ruta is an alive fertile ViKing Livi Livonian Swea woman who has been left without a home, a safe shelter, all of her grown up life. She has already 2009 been handicapped by regime that administrates occupied Latvia. She has never ever been provided housing by the states of her citizenship – Latvia and Sweden.**

January 2019 an unverified investigator Leticia Servantes, addressed Ruta's mother on Latvian IT <https://www.draugiem.lv/user/3658703/> platform to investigate where is Ruta. Mother asked Leticia to verify herself and the structures she represents, that Ruta is in rehabilitation and is a victim of administrative warfare against indigenous people and citizens of state Latvian Republic. Leticia Servantes did not verify neither herself nor the structures she represented. She wrote that Ruta will be punished and blocked her profile.

It is of importance that occupying forces of foreigners have no right to judge and hunt indigenous people and citizens of state Latvian Republic. **It is enough to know her Spanish name Leticia**

Servantes to dismiss the hunt she started, even less an international hunt on a peaceful woman Ruta, with goal of doing business – human trafficking business, that has been now authorized by NWO Deep State business company ÅKLGARMYNDIGHETEN.

Suddenly on the 19<sup>th</sup> of July serious police troops arrived to Ditta apartment in Jordbro Sweden without arrest order or house-check-orders and started hunting Ruta. It ended with her being arrested by 7 armed policemen. We went to POLISMYNDIGHETEN in Haninge. Nobody verified their organisations to have state and community authority licences, video. Because all Police manufactured ID cards are owned by private foreign business companies, registered on DNB.com, as the ID for souls owned by the death camp owners who run Vatican and UN. Godland have started issuance of real ID cards of state Konungariket Sverige and we have demanded SKATTEVERKET to reorganize their structures under leadership of Indigenous king Leif I, attached document.

### Following videos are from EU-hunt on Ruta case in Sweden

Starring Ruta herself Tingsrätten har inga avtal med staten - säger rådmannen.

20190816 <https://www.youtube.com/watch?v=iQnmTggD6wE>

After stating 23.08.19 in Södertörns Tingsrätt that it is a documented fact that Ruta is mentally ill, both women pretending to be Swedish judge and prosecutor, decided to arrest Ruta, for a 3 year old story from 2016 in Riga where young woman Ruta under severe psykosis, thrown out of her apartment, by occupying forces, tried to get 3 dresses in a Riga shop, and violently scratched the hand of the saleswoman.

Nobody was raising the issues that Ruta has been poisoned and Mind Controlled since 2009, when government was officially selling chemical drugs on streets of Riga, that her Livonian heritage of lands and properties has been stolen from her, that her shares in the state stock have never been paid to her, that she is the biggest asset the state has – a fertile woman that has to be protected and cherished, as she can provide the holy babies, that most sterilized people cant!

Rutas family had never encouraged her to stealth, and Ruta says that it was the voices of Mind Controle that made her do that, which was unthinkable in their family. But analyzing the event, theoretically and historically, Ruta of Godland could have had any right to collect taxes on the lands of her Livi predecessors, that Riga stands upon, and it is quite funny that her psykosys or Mind Controle villains made her urge and want 3 dresses – as if for herself, her syster and her mother, so they would not stand poor and naked in the middle of their lands, that were being pirated by the The Crown corporation tax collectors, massacring Latvian people and driving most of the fertile population out of their occupied lands. Such very expensive dresses were nothing Latvians could buy, they only made them for invader foreigner tourists. That is a war crime, that there is no money that indigenous people can manage themselves, they have to work for foreigner crums!!! As the central banks are overtaken by BIS.org Basel mafia that does not even give a share of taxes to indigenous people! There is not one Indigenous Spirituality Tempel in the whole of Europe. Oxa

bonds of Godland stop all such crimes as any indigenous people and citizens create the money themselves by filling oxa bonds on the monthly bases, accounting bonds in indigenous societies, and converting them to imposed money at the local councils, being accountable to the rulers of Indigenous World Order of Godland.

We have to insist, **dearest Royal Court of Norway, that every woman has to make her own national dresses** and sew the clothes for her beloved. It is spiritually wrong to buy Your national folk clothes from China, as it is now established in Norway! To stop the melt down, We have to go back to our indigenous roots to get our people flourishing again in the vibrant energies of secure sensuality expressed in and provided by – national folk clothing, hand made.

May be this this longing after proper dresses that triggered Ruta's phykosis. That is the beauty in this tragedy. Women have been fooled to wear trash and work like men and forget their holy purpose of life creation. That's why our peoples are dying now. And holy Ruta wakes us up.

Arrest Rut - decides U.S. deathcamp judge in Södertörn, Sweden.23 8 19

U.S. business bolaget Södertörns Tingsrätt driver dödsläger i Sverige.190823

[https://youtu.be/3yPtWiVX\\_Ms](https://youtu.be/3yPtWiVX_Ms)

Nobody answered neither Rutas nor her mothers, nor the prosecutors of Baltic Sea Indigenous Court letters asking questions to business company Södertörns Tingsrätt and Åklagarmyndigheten on verifying what authority and jurisdiction they have to prosecute citizens of Kingdom of Sweden and state Latvian Republic, and demanding that indigenous peoples rights of Godland are met.

Ruta went to the proceedings 16.8.19, but they were cancelled and postponed. But while in the building of the company Södertörns Tingsrätt, Ruta heard the answer from the council representative that so called court does not have any agreements within the state Kingdom of Sweden. By which it became clear that Södertörn Tingsrätt has no legitimate authority to hold court on citizens of state Kingdom of Sweden.

The question on the contracts with the state and demand to present employment contracts to the court was unlawfully neglected even on the day of court 23.08.19. The war crimes fraud committing business women of UN and Vatican syndicates, pretending to be a state judge, and a prosecutor, and the man pretending to be a state lawyer, all three of them refused to show their assignment agreements with the court and existing contracts with state Kingdom of Sweden. All of them were obviously operating in private capacity for a foreign Vatican business company The Crown that runs DNB.com and were not in a capacity of national constitutional judge, constitutional prosecutor or constitutional lawyer. The fact that Vatican's UN The Crown mega-syndicate-corporation is being overtaken by China, and is not her majesties Queen Elisabeths company, further complicates the war crime matter. **The scope of the fraud of unconstitutional authority crimes reaches specicide levels as The Crown, Deep State has swallowed all of the corporations of the western world, which is an unprecedented level of war crimes.**

## All the power to the Norwegian Royal Courts of Godland

The Gods given rights of holding court and emitting money have to be returned to the Norwegian Royal Court. Diarchs of Godland would be pleased to establish indigenous alliance, and protect Your royal Norwegian indigenous families within jurisdiction of Godland and establish contracts that would provide peace and prosperity for indigenous peoples, securing their local rule. We know that You, The Royal family of Norway, too are hostages of international war crime syndicate, and Godland provides legal exit and improvement of life for each and every one assigned and all others, as we protect all miljards of Earths population.

**Godland offers amnesty** to all who stand down from Evil Cult and pas over to the Love Order. Godland is a love order exit from Roman cult. Nothing within Roman cult is what it says to be. China etc have already occupied Norways neighbor Russia, that has had nuclear war, by the insiders <http://www.bsrrw.org/baltic-sea/nuclear-bomb-testing/> so its ground waters will be contaminated for ever. Depopulation matrix is activated attacking humans on all civil aspects that have been weaponized.

Norwegian and all other people are rescued through jurisdiction of Godland. We offer the statutes of Indigenous World Order Court of Godland <https://loveorder.files.wordpress.com/2016/12/xxx-15-5-18-statute-indigenous-world-order-court-of-godland.pdf>

## Persecution of protectors

To save Latvian people Ditta Rietuma proclaimed herself to be the president of Latvian Republic, with statutes for all institutions fr 1938, when all banks were national, and there were no occupying armies in Latvia. By Soros Foundations owned Egils Levits minds that and webpage [www.LatvijasRepublika.INFO](http://www.LatvijasRepublika.INFO) disappeared 1 month into his presidency, in the middle of July (1)2019, but webpage can still be seen in the web archives <https://web.archive.org/web/20190525233528/http://www.latvijasrepublika.info/>

**At the same time the hunt on Ruta Rietuma started.**

## Ruta applies for asylum in Norway

In October, Ditta of Godland, on behalf of her daughter, even visited the Immigration office in Bergen and was refused to leave to chief Elle Cooper the Asyl/Soknad om oppholdstilatelse for her hunted and without housing left daughter, attached here. Rutas case is conceptually similar to the case of Neringa Venckiene who was unjustly extradited from USA after persecuted by the Roman business syndicate in Lithuania involved in human trafficking of her neise Deimante. As human traffickers are after Rutas son Anton. Ruta has been working and living in Norway though.

## Demands of Justice

**We demand every authority to be verified and validated, with proof of existence of contracts with indigenous societies and citizen state councils, that have given oath to serve them. Here is where we draw the line. The state citizen property is stolen by these war waging DNB.com owner business companies! Who are war waging terrorists, not the authority!**

**Ruta Rietuma shall not be transported to by indigenous people unverified and hostile aggressive forces, who have occupied indigenous lands and are committing genocide in Latvia. If You let her into the hands of Noahid inquisition, Norway will be guilty of reparations and compensations.** Presidency of the veteran Egils Levits is an era of Noahid general's silent weapons for quiet wars execution of the defeated Latvians, who have lost more people than in both World Wars together.

It is urgent to shut down the emissions of 4G, not even to speak about 5G in living areas. Even Norwegian telecom industry is implicit in the war crimes against all living systems. Ditta Rietuma was in Bergen Nestun Politei and left an investigation demand addressed to Tore Gills, on the war crimes of telecom companies N Telenor, Telia N, Ice. NET etc to be conducting genocide by too high emission levels of EM radiation within homes and schools, by mobiles and modems, masts etc. Nobody called Ditta to investigate the complaint. Politiet has its DUNS nr too. It is all one mega syndicate run by pedo pope Jesuit army. The syndicate is killing all life on Earth and is NULL and VOID.

Ditta Rietuma together with Pr Chris Busby stopped nuclear war, by establishing ECRR model for nuclear risks seen on [www.euradcom.eu](http://www.euradcom.eu), working for free, stopped ICNIRP basics for electromagnetic warfare with ECNRR model, and basics for financial apocalypse by offering the world Indigenous World Order Bank of Godland and its oxa bonds. Why don't You nominate us for peace prize, and see to it that Ditta's daughter can get a home to be safe in?! We are leaving deadly business era and entering gift economy blessings based on oxa bonds of Godland.

Hold Your Hats and Crowns ;)!

## Involment in crimes against humanity through The Crown corporations

You are involved in crimes against humanity due to work through DNB.com The Crown corporation registers and BIS.org fraudulent money systems unapproved by indigenous peoples and citisens as stakeholders of national states, that have been stolen and weaponized against citisens.

Most of Europes children have without informed consent of their parents already been sterilised with HPV vaccines and the 4G 3G devices. Next generation will be 20 % of last one, and sicker. This is an unperecedented war crime of close extinction and specicide that has to be stopped and the system has to be changed urgently, now.

Europe has been at Silent War with Quiet Weapons all since the start of Telecom revolution and since Moammar Kaddaffi was murdered, to start the more or less now completed African-Arab mass occupation of Europe. As the wars are not proclaimed, Europeans are left without the rights to protect themselves. This is a complete mass murder of Europeans, in quiet mode.

We hereby order everybody, in all of their capacities, to start the remedies by verifying and validating the rulers and the contracts with them.

## Alla Verifierar och Validerar Maktens Avtal

**In lack of verified rulers of Deep State, behind Vatican, UN, Russia and China, Israel etc, we, the Diarchs of Godland, Ditta and Leif of Godland, have proclaimed ourselves to be the rulers of the world, to preserve and recreate crucial base of all life - Love Order.**

**IWOOG has decided following solutions to the structural war crimes of any state corporatisation and weaponisation against its citisens**

Through corporatization the main systems of society, that have been its pillars for thousands of years, have been hit out of the base of its foundation and brought into the illegitimate power of invisible hand – called New World Order, or Deep State, Vatican or UN.

The most important such pillars now differ from 1809: § 6. 1809: Stats-Secreterare skola wara Fyra, nemligen: En för Krigs-Ärender; En för Cameral- Landthushållnings- Bergshandterings- samt andre dermed gemenskap ägande Inrikes Civile-Ärender; En för mål rörande Drätzel-Werket, In- och Utrikes Handeln och Slöjderne, samt En för Ärender, som angå Religionen, Ecclesiastique-Werket, Allmänna Upfostran och den offentliga Fattigwården.

In 2019 we need State secretaries to secure – peace, housing, food, fertility, energy, culture, banking, and data and telecommunications. The first six are nowadays made dependent on the last two. That is a military weakness that we shall solve, nationalizing the corporations that have prisoned state citisens within overpayed housing arrangements - hyresrätter, and bostadsrätter, - turning their gadgets to spy on them and electrify their minds and bodies with microwave rays, in these urban areas, that have conditioned 80 % of Scandinavians to leave self-sustainable countryside.

Telecommunications in Norway are relatively advanced. There are about as many cellular phone subscription as there are inhabitants in the country (5.3 million), while the number of fixed line telephone subscriptions is declining towards 800,000. There is far too little of discussion about this being an automotised weapon system for an epidemic health hassard that is sterilizing the whole population. As of 2006, 79% of the population had access to internet at home, rising to 95% by 2012. The trouble is that most of these households are using WIFI and DECT, though excellent broadband and fast telephone technologies are available. Due to info on <https://statistik.pts.se/nordic-baltic-telecom-market/documents/> it is said that Norwegian revenue per capita has been 447 Euros 2018. This gives us the number of c a 2,4 milliard Euro market of Norwegian mobile telecom industry. In table 3.9 Fixed broadband subscriptions via fiber and cable networks per capita we can see that only every 5<sup>th</sup> customer uses broadband meaning that 80 % of them are being irradiated with WIFI while enjoying the bite of “snakes apple” of wisdom.

**Öppet Arresteringsorder (då samhället är helt övertaget av främmande AI )**

Följande beslut är taget i enlighet med Norges lagar som motsvarar den Svenske rekvisitionslagen (1942:583), och beredskapsförfogandelagen (1942:584) samt allmänna förfogandelagen (1954:279). Lagarna är fullmaktslagar i enlighet med 13 kap. 6 § regeringsformen. Det innebär att lagen kan sättas i tillämpning när riket befinner sig i krig eller krigsfara eller när det råder sådana utom ordentliga förhållanden som är föranledda av krig eller av krigsfara som riket har befunnit sig i.

**Följande arresteringsorder är nödvändigt för att befria Er och alla andra från Basel III maffians järngrepp som avrättar mänskligheten med Depop metoder för att inom närmaste decennium ersätta den med robottar.**

**Ni beordras att teckna avtal inom världens urfolks Gudalandets kärleksordning, aka Indigenous World Order of Godland, eller genomföra följande:**

- 1) Ifall Ni kommer inte att medverka i av Urfolks Gudalandet ledd omorganisation av de massmördande och folket av Roman Curria stulna statsbolagen till urfolks förvaltning, så ska Ni se till att avlägsna Er från tjänsten där Ni kan inte medverka på riktigt, så som det sig bör i folkets stat Kongeriket Norge;
- 2) Ifall Ni lyckas inte göra det, så ska Ni överlämna Er till närmaste Politiet och erkänna Era administrativ-massmords brott mot statens Kongeriket Norge medborgare, urfolk och minoriteter;
- 3) Ifall Ni klarar inte det heller, så ska Ni helt enkelt anmäla Er till Socialförvaltningen för att få ärlig försörjning och söka Socialbidrag och ta Er tid att rehabilitera Er från våldsamheterna som Ni har administrerat. Då kommer Ni att ha tid att förjupa Er i kärlekordningens verktyg och Era Gudalandets rättigheter och Ni kommer äntligen att få riktigt lyckliga dagar
- 4) Om Ni klara inte det heller så är Ni omyndigförklarade, för att ge plats till de som kan rädda Norges folk från att bli utrotade.

**Vi förstår att Ni kan vara gisslan helt och hållet, själva chippiserade med Neurolink, utan egen vilja.
